How big is the Array?
2
Type the number from Menu
1. ADD (an element to the end of queue)
2. DELETE (an element from the front of queue)
3. SHOW (all elements, starting at first, ending at last)
4. COUNT (total number of elements)
5. CLEAR (initialize queue)
6. Exit
1
What do you want to add?
1
Type the number from Menu
1. ADD (an element to the end of queue)
2. DELETE (an element from the front of queue)
3. SHOW (all elements, starting at first, ending at last)
4. COUNT (total number of elements)
5. CLEAR (initialize queue)
```

6. Exit

Type the number from Menu

- 1. ADD (an element to the end of queue)
- 2. DELETE (an element from the front of queue)
- 3. SHOW (all elements, starting at first, ending at last)

You will exceed array size if you add anymore values

- 4. COUNT (total number of elements)
- 5. CLEAR (initialize queue)
- 6. Exit
